

Title:

Special Process Approvals – Nadcap Only

Aerojet Quality Note

E11

Rev #

Date

0

11/6/08

Special processes such as, but not limited to, heat treating, welding, soldering, plating, cleaning, and non-destructive testing shall be performed only by Nadcap approved sources. Use of a Nadcap approved supplier does not relieve the supplier of the responsibility to meet all purchase order requirements.

Each shipment should include certifications identifying the process, part number, purchase order number, serial numbers, process specification, identification of the process method used as the acceptance criteria document, and evidence of acceptance including applicable reports. All document revisions must be specified.

Rev	Date	Description of Change	Changed By

This document is an integral part of the contract (purchase order) in which referenced. **Applicable Revision:** The revision in effect at the time the purchase order is placed.
