Reason for Retirement / Renumber: Requirements for Certificate of Conformance have been incorporated into **Enterprise Q Note A05 - General Requirements All Suppliers**.
This change is to support enterprise uniformity in Aerojet Rocketdyne Purchase Order and Subcontract Quality flow downs.

Existing Purchase Orders For existing Purchase Orders containing Q Note E01 – Supplier submittals required by Q Note E01 should meet the requirements of the superseding Q Note A05 para 4.a. The Certificate of Conformance in the suppliers’ own format is acceptable.
